MEMORANDUM FOR: Deputy Director (Science & Technology)

that it would be advisable for us to prepare appropriate reassignment and rotation plans for all Air Force officers assigned to us, but especially for those working at _______ It was his opinion that most of the key people there will finish a three-year tour in about a year and if they all leave at the same time, we will lose a great deal of continuity--even though the key people might be prepared to extend, this would be a hardship on some of them with families, and the Air Forces might be reluctant.

2. I think this suggestion has considerable merit and wish you would take it under advisement and tell me what you think we should do.
